

Peroxy Green Booster™ Water Treatment

Labeled for use in, but not limited to, the Horticulture, Agriculture and other Commercial industries, Including:

*Greenhouses *Golf Courses, *Nurseries *Water Parks *Aquariums,
*Sports Facilities *Kennels *Theme Parks *Botanical Gardens * Business Parks
*Hotels * Power Washing *Water Gardens *Irrigation Systems
*Recreational Areas, etc...

Peroxy Green Booster™ may be applied to any water or solid ground surface locations, but not for treatment of drinking water.

SIDE NOTES FOR WATER TREATMENT:

*Apply early in the morning on days that are calm, preferably with warm and sunny weather conditions.

*Apply evenly on all target areas to be treated.

* Always wear goggles, gloves and protective clothing during application.

*Apply with wind blowing away from application technician,

* Peroxy Green Booster is not compatible with metal based products. Apply Peroxy Green Booster™ one day prior to applying other metal based products.

Surface application:

*Do not apply **Peroxy Green Booster™** to painted surfaces.

*Apply evenly to areas to be treated.

*Apply to previously wetted areas, using water, or for best results, with a solution of **PERpose Plus™** Broad Spectrum Algaecide and Fungicide.

*Gently rake into soil after applying.

*Apply weekly, or as needed, during high pressure anaerobic conditions.

*Make sure product has dissolved before animals, or people are allowed to walk in area.

*Granules applied to living plants, including turf will have burn damage, so be careful.

Peroxy Green Booster™ is not compatible with metal based products. Apply Peroxy Green Booster™ one day prior to applying other metal based products.

How to apply Peroxy Green Booster™ to ponds, lakes, lagoons, canals, etc.:

Apply **Peroxy Green Booster™** within the immediate shore line of the water area (4-8 feet) to be treated. Peroxy Green Booster™ is formulated to break down immediately, releasing vast quantities of oxygen. Product can be applied either by hand, or mechanical spreader.

How to apply Peroxy Green Booster™ to concrete gravel and soil surfaces, etc.:

Apply **Peroxy Green Booster™** either by hand, drop, or broadcast spreader. Do not apply product on living plants, or over turf, as you may have burn damage, so be careful. On soil and gravel applications, work product slightly with a rake, into the area treated. For exterior application, always apply during calm, sunny days preferably in the early morning hours.

May be wetted after surface application. Apply weekly, or as needed.

WARRANTY

This material conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use. Buyer assumes all risks associated with the use, storage, or handling of this material. TO THE EXTENT ALLOWABLE BY STATE LAW, NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY IS MADE.

Product Storage

Avoid damage to containers. Keep container closed at all times when not in use. Keep container out of direct sunlight. To maintain product quality, store at temperatures below 86°F. Do not store on wooden pallets.

NEVER RETURN Peroxy Green Booster™ TO THE ORIGINAL CONTAINER

AFTER IT HAS BEEN REMOVED. Avoid all contaminants, especially dirt, caustic reducing agents, and metals. Contamination and impurities will reduce shelf life and can induce decomposition. In case of decomposition, isolate container, douse container with cool water and dilute product with large volumes of water.

Container Disposal

Empty drums are not returnable to A Growing Alternative, Inc. Triple rinse drums with water. For more information see Material Safety Data Sheet.

Available in 100 LB Drums
